

COMPANY PROFILE

Built for Africa's logistics needs.

Flexible, transparent, and accessible

Delivery completed -
Proof of Delivery

Company Overview

Dar Logistics is a modern logistics service built to meet the growing delivery and transport demands across Africa. By offering scalable and accessible delivery solutions for individuals, SMEs, large businesses, and enterprise clients, Dar Logistics empowers clients with tools to simplify operations, boost transparency, and ensure fast, reliable deliveries.

We offer a range of tailored pricing plans and add-on features designed to support everything from casual one-time deliveries to full-scale enterprise-level logistics integration.

Target Clients

Client Type	Description
One-Time User	For casual users who need to send a single tracked delivery, no signup needed.
Frequent User	SMEs and dispatchers managing up to 400 deliveries/month.
Bulk Operator	High-volume businesses with custom logistics needs.
Enterprise Client	Companies needing API access, team accounts, reporting, and SLA support.

Pricing Plans

Plan	Price	Monthly	SMS	Best For
Pay-as-you-Go	\$1.00	1	2	Casual or one-time senders
Starter	\$15/month	50	100	Owner-drivers, field agents
Basic	\$35/month	150	300	Small to mid-size transporters
Pro	\$75/month	400	800	Fleet operators, courier networks
Enterprise	Custom Pricing	Unlimited	Bulk rates	Port agents, mining firms, large couriers

Add-Ons & Features

Add-On	Price	Description
Extra Deliveries	\$0.25 per delivery	For clients who exceed monthly plan limits
SMS Top-Up	\$2 per 100 SMS	Automatic SMS billing on threshold
Branded Tracking Portal	\$10/month	Custom portal with company logo and optional domain
Proof of Delivery (POD)	\$5/month	Upload photos, recipient signatures at checkpoints
GPS Tracker (Beta)	\$10/device/month	Integrates with optional GPS hardware for live tracking

One-Time Delivery – How It Works

- Visit www.darlogistics.co.zw
- Click “Send One Delivery”
- Enter shipment and recipient information
- Pay using Ecocash or USD
- Receive SMS updates at each checkpoint
- No signup. No contract. Just instant visibility.
